## Yonsei University MIRAE Campus is

Yonsei University MIRAE Campus is a small but strong university that is undergoing an educational renovation in response to the changing needs of graduates in the Fourth Industrial Revolution. Yonsei University MIRAE Campus is ushering in a new era of growth by actively and enthusiastically responding to the reduction in the number of students seeking higher education and by offering curricula focused on meeting changing social demands.

Yonsei University MIRAE Campus was the first South Korean campus to introduce the residential college system. Through the continuous improvements made to the residential college at Yonsei University MIRAE Campus since its founding, it has become the model for undergraduate education in South Korea and fosters students' multidisciplinary talents through systematic and varied activities. By living in dorms alongside students from around the world, students at Yonsei University MIRAE Campus develop their understanding of and appreciation for other cultures in addition to sharpening their foreign language skills. These experiences cultivate the traits necessary for students to become global citizens. Wonju Severance Christian Hospital at the Ilsan campus, the Wonju College of Medicine, and various health-, medical treatment-, and IT-related departments at the Maeji campus provide educational programs that are optimized to meet the demands of the smart health industry made to better serve South Korea's aging society. The naturally beautiful MIRAE Campus is growing as an innovative university that produces the future leaders of the health industry that serves the aging South Korean society through education, research, and building networks in its surrounding communities.

At Yonsei University MIRAE Campus, we foster 21st-century innovation. As an educational community that has been leading educational changes for the past 40 years, we have developed a regional cooperative system by constructing a convergence-integration research center that creates new human environments better suited for our global age. The industry-university collaboration facilitated by local networks will be a source of continued education and research for sustainable development by leveraging Yonsei University MIRAE Campus's healthy, safe, and smart environment.

The eagle at Yonsei University MIRAE Campus has ceaselessly soared to guide the development of the university. After shedding its old feathers and growing new ones, it is once again taking flight. Through revolutionary changes, the Yonsei eagle will continue to soar ever higher. We invite you to reach for your dreams with MIRAE Campus.

Yonsei University MIRAE Campus

## ABOUT YONSEI, MIRAE CAMPUS OVERVIEW

### CONTINUING THE YONSEI LEGACY: MAKING DREAMS COME TRUE IN MIRAE

When the MIRAE Campus was first established, it inherited the over 130 years' history and spirit of Yonsei University. Now, the Campus invites talented young students to carry on the future of Yonsei through joint activities with the Seoul campus in the areas of education, research, administration and finance. With an independent master plan of its own for further development, the MIRAE Campus contributes to the community, Gangwon Province and the country as well.

## MISSION, SPIRIT AND FOUNDING PHILOSOPHY

Yonsei University is a center for learning where the founding principles are based on Christian values. The university strives to educate leaders who will contribute to society in the spirit of truth and freedom. Yonsei people embrace the culture of the nation and of humanity, and foster creative and critical thinking in the pursuit of scholarship. Yonsei people also nurture the sense and spirit of justice, work with an open mind in service to their neighbors, and contribute to the growth of humanity.

“If you continue in my word, you are truly my disciples, and you will know the truth, and the truth will make you free.” (John 8: 31~32) With its founding purpose based on the Gospel of John, Yonsei University seeks to cultivate leaders who follow the Christian principles of truth and freedom.

Graduates and students of Yonsei University are educated to have strong morals, ethics and a sense of humanity. They are trained to be able to criticize and evaluate themselves throughout their lives. They are taught to be leaders with mutual understanding and respect, the spirit of cooperation, and the Christian principles of love, service and sacrifice.

There are 310,000 Yonsei alumni who are working in every part of society with a central role of developing the nation, people and the world. They contribute to maintaining fellowship among alumni, to heighten Yonsei's reputation, and to improving the university's educational environment.

We, the Yonsei community, taking this mission to heart and commit ourselves to strive to be leaders who embody this proud Yonsei spirit.

# KOREA'S THE FIRST RESIDENTIAL COLLEGE PROGRAM

**PROMOTING HARMONIZED DEVELOPMENT OF ACADEMIC ACHIEVEMENT, ARTISTIC SENSITIVITY, AND MORALITY IN A NATURAL WOODED SETTING A NEW MODEL FOR KOREAN COLLEGE EDUCATION!**

## YONSEI UNIVERSITY MIRAE CAMPUS IS THE FIRST RC PROGRAM IN KOREA.

With this program the University has initiated an advanced education program for freshmen, following the model of prestigious overseas universities. Since 2007, Yonsei University MIRAE Campus has implemented a remarkable mentoring education program in which all freshmen live together in the same dormitory with the full support and guidance of experienced professors and excellent students.

## RC PROGRAM

RC is an advanced educational model adapted from world-renowned British and American universities such as Oxford, Cambridge, Harvard, Yale and Princeton. This advanced model enhances relationships between professors and students by bringing them together in dormitories on campus.

This program provides students the opportunity to participate in intellectual and social activities, thereby helping them to adapt smoothly to the culture of the university.

## RC COLLOQUIA OFFER EXCITING INTELLECTUAL STIMULUS

Our RC Program focuses on developing the students' full human potential. This program allows professors and students to select freely a subject based on their interests and cooperate with each other in conducting projects that may be outside their majors. This RC Colloquia program is offered to small groups of 15~16 students. The program encourages students to solve problems more effectively and efficiently. In today's knowledge and information based society, knowledge changes rapidly and students must learn to adapt to such changes.

## **DEVELOPING GLOBAL LEADERS WITH 3S CAPABILITIES THROUGH 4H ACTIVITIES**

3S: SERVANT LEADERSHIP SELF LEADERSHIP, SCHOLAR LEADERSHIP  
4H: HEAD, HAND, HEART, HEALTH

## PROGRAM FOR INTERNATIONAL STUDENTS

### EXCHANGE STUDENT PROGRAM

The MIRAE Campus of Yonsei University welcomes international students from all over the world. International students can study at the MIRAE Campus either by regular admission or by participation in an exchange program.

Exchange students are those who have applied and are nominated by an overseas university under a formal exchange agreement. Since they pay the tuition to their home university or the university pays it, the application and documentation fees as well as tuition are waived at the host university.

Admission to one or two semesters of the exchange program is open to students who have completed at least two semesters (or the equivalent) of university level work at an accredited institution outside of Korea. Admission is based on a review of the documents submitted, which include a recommendation letter, a personal statement, and required GPA.

### HOUSING

The dormitories, Maeji Haksa, Seiyon Haksa and Cheongyon Haksa, have the equipment and facilities required in this age of information, technology and globalization. They can accommodate up to 4,295 students in doubles, triples or quadruple beds in a room. Housing is available to undergraduate students, graduate students and exchange students, with separate buildings for men and women. Usually, a mix of Korean and non-Korean students live together in order to provide an international atmosphere. Each room is equipped with LAN connections for free Internet use. The dormitories are also open during the summer and winter vacations. For more information, Please visit <http://wjdorm.yonsei.ac.kr>.

### LEISURE ACTIVITIES

Wonju, Gangwon-do, is just an hour trip from Seoul. Located in the vicinity of Chiak Mountains and numerous beaches of the East Sea coast. Wonju is one of the most famous tourist attractions in Korea. It is also known as a place for leisure sports such as skiing, rafting, mountain biking, scuba diving, and many more activities, students can enjoy their free time while experiencing Korean culture in these natural surroundings.

### GLOBAL VILLAGE PROGRAM

The Global Village (GV) program is a leadership program where both Korean and international students live together, adapt to and learn from cultural differences, and make unforgettable friendships.

For a better understanding of each other's language and culture, the GV program provides both formal and informal education, which includes some university courses designed only for GV program participants. These include Mutual Mentor Sessions, Team Meetings, special events and an overnight field trip. The GV program began with the English language but it was extended to also include Chinese and Japanese in 2010. For international students participating in the Global Village Program we offer financial aid, which covers travel and living expenses.

### KOREAN LANGUAGE COURSES FOR INTERNATIONAL STUDENTS

Yonsei University MIRAE Campus offers Korean language courses. These courses are designed for international students who plan to study at universities in Korea. The goal of the courses is to equip students with a sufficient command of the Korean language to pursue undergraduate or graduate programs in Korea. The Korean language courses are offered at six different levels. Each level consists of an approximate ten-week long term. It takes 18 months to complete all 6 levels. Classes are offered four hours a day, five days a week, during the ten-week term. A high school diploma or the equivalent is the minimum requirement for admission to the program.

## ACADEMIC PROGRAMS

### **ADMISSIONS GUIDE**

Applicants whose parents are both foreign nationals are considered foreign students. The admission process includes a review of documentation followed by an interview.

### **SCHOLARSHIPS**

There are approximately 180 scholarships offered to undergraduate students and about 24 billion won is given to 5,300 students annually. There are many scholarships available for freshmen. Those students who receive scholarships, either for academic achievement or for special talents, can keep those scholarships through graduation if they maintain a certain GPA level and participate in selected activities.

## COLLEGE OF HUMANITIES AND ARTS

yha.yonsei.ac.kr

The College of Humanities and Arts encompasses the Department of Korean Language and Literature, Division of Humanities Science (English Language and Literature, Historical Culture and Philosophy) and Division of Design and Arts (Industrial Design, Visual Design and Digital Arts).

The College aims to provide interdisciplinary studies by connecting Human Science and Design. The college is nurturing specialized and creative talents who will serve the global era. Our students will meet the needs of this new era by having thoughts based on human science and artistic intuition, combining insights based on human science and structural creativity.

### **DEPARTMENT of KOREAN LANGUAGE and LITERATURE**

## COLLEGE OF GOVERNMENT AND BUSINESS

wgb.yonsei.ac.kr

The College of Government and Business has two divisions: the Division of Social Science (Economics, Global Public Administration, and International Relations) and the Division of Business Administration.

The College also offers three interdisciplinary majors: Venture Entrepreneurship, International commerce, and Finance. The faculty of the College has grown considerably over the last three decades. To ensure high academic standards, the College has recruited highly qualified scholars from world-class academic institutions. The expertise of the current faculty members enables the college to keep abreast with the most recent developments in education and research.

### **DIVISION of SOCIAL SCIENCE**

Economics  
Global Public Administration  
International Relations

### **DIVISION of BUSINESS ADMINISTRATION**

Business Administration

## COLLEGE OF SCIENCE AND TECHNOLOGY

yssnt.yonsei.ac.kr

The College of Science and Technology was established to promote education and research in the areas of natural and applied science and technology. Our nationally renowned 55 faculty members have been actively involved in various educational and research projects at the local and national levels.

The college is composed of the Department of Packaging and four divisions which include the Division of Natural Science, the Division of Biological Science and Technology, the Division of Computer and Telecommunication Engineering, and the Division of Semiconductor Systems Engineering.

### **DEPARTMENT of PACKAGING**

#### **DIVISION of NATURAL SCIENCE**

Mathematics  
Physics  
Chemistry and Medical Chemistry  
Information and Statistics

## COLLEGE OF HEALTH SCIENCES

health.yonsei.ac.kr

The College of Health Sciences has established itself as a leading pioneer in the public health field. It contributes to the advancement of society by training leaders in the specialized fields of Environmental Engineering, Medical Engineering, Public Health Administration, Biomedical Laboratory Science, Occupational Therapy, Physical Therapy, and Radiological Science.

Lectures and laboratory practice provide an excellent foundation for the specialized education needed to produce leaders who are to play a central role in the public health field. The College of Health Sciences offers the Bachelor of Science degree, Master of Science degree, and Doctor of Philosophy degree in all departments.

## WONJU COLLEGE OF MEDICINE

medical.yonsei.ac.kr

### The Best & Trust Global Top 100

Wonju College of Medicine has three departments: the Department of Medical Science, the Department of Nursing (include Registered Nurse-Bachelor of Science in Nursing program) and the Department of Dental Hygiene.

The goal of the college is to educate and train students to become competent, credible, and confident medical professionals who demonstrate the love of God.

### DEPARTMENT of MEDICAL SCIENCE

### DEPARTMENT of NURSING

### DEPARTMENT of DENTAL HYGIENE

### REGISTERED NURSE-BACHELOR of SCIENCE in NURSING (RN-BSN)

(Special Degree Program)

## EASTASIA INTERNATIONAL COLLEGE (EIC)

eic.yonsei.ac.kr

The EastAsia International College (EIC) was founded by Yonsei University MIRAE Campus in 2008 as a special program to develop professionals to play leading roles in the global age of the 21st century. Offering courses exclusively in English, EIC has two major tracks of study: East Asian Politics and Culture and East Asian Economy and Business. During their first two years, students take courses in the liberal arts to fulfill general education requirements, while during their third and fourth years, they take courses in their major fields. Students are also required to study an East Asian foreign language, including Chinese, Japanese, Russian, or, for foreign students, Korean. Other activities students may pursue include studying in foreign countries and working as interns in leading companies and organizations.

**East Asian Politics and Culture**  
**East Asian Economy and Business**

## GLOBAL ELITE DIVISION (GED)

ged.yonsei.ac.kr

The Global Elite Division (GED) is a new division that strives to educate and construct a network for foreigners and overseas Koreans, giving them an opportunity to be successful in the world.

### **1. ACADEMIC OBJECTIVES**

- Seeking global culture brand in Korean language, culture, history, philosophy, art, and religion.
- Searching for core value in the future industry from binding Korean culture and business management.
- Understanding the diversity of culture and leadership will allow students to become effective in communication.

### **2. CORE VALUE**

- Locality, Globalization, Cultural Communication, Challenge
- Become the regional expert through learning Korean language and social culture
- Teaches skills in international cultural administration and Korean values
- Understands and minimizes the gaps between different cultures

### **3. Characteristics of curriculum**

- Students can enroll without TOPIK scores
- Korean language classes for the first two years
- Prepares students for level 4 TOPIK before graduation
- 36 credits, 18 specialized credits will allow students to obtain a Korean Culture and Business degree
- From first semester of the 3rd year students will gain their second major after 21 self-planning major credits
- There are about 25% of scholarship per student on average. In addition, there are a foreign excellency scholarship and a Korean language scholarship as well
- have priority in applying for student dormitory for 4 years
- 1 semester of exchange program to schools in university. (meeting certain requirements)
- Many on-site cultural experiences
- Relatively easier requirement for graduation

## GRADUATE SCHOOL

graduate.yonsei.ac.kr

Founded in the spirit of Christianity, the Graduate School aims to contribute to the advancement of world civilization by providing in-depth specialized education and research opportunities. Our graduate school has set up a credit transfer system with other major Korean universities, which means that our students can expand the opportunities to take a greater variety of courses.

## SPECIAL GRADUATE SCHOOL

### **GRADUATE SCHOOL of GOVERNMENT, BUSINESS and ENTREPRENEURSHIP** [yonseigsgb.ac.kr](http://yonseigsgb.ac.kr)

The GSGB was established as a training ground for government, public officials and managers in private business. The primary emphasis of the School is on offering systematic and effective training in management skills and techniques to improve administration in key areas. Since 1990, the School offers a five-semester Master's degree program in six major areas: Economics, Business Administration, Public Administration, Politics,

Educational Administration and Global Welfare. The School also offers a public enterprise cooperation program in two major areas: Entrepreneurship and Community Development Leadership (KOICA). The School has launched a short-term Executive Management Program in order to help administrators play a major role in the international community by providing them with up-to-date management skills and techniques.

### **GRADUATE SCHOOL of HEALTH and ENVIRONMENT** [pioneer.yonsei.ac.kr](http://pioneer.yonsei.ac.kr)

The GSHE was established to produce qualified specialists and to further research in the field of public health and the environment. The program is designed for highly motivated professionals with related work experience in five fields: Health Administration, Environmental Engineering, Biomedical Laboratory Science, Ergo therapy, and Medical Engineering.

Students are trained to interact with people of various economic and social levels, to protect the environment, to produce health policy legislation, to identify and evaluate the economic impact of changing demographics, and to

deal with difficult issues in the public health arena.

Today's society faces serious health problems including new and devastating infectious diseases, problems related to an ageing population, spiralling healthcare costs, and environmental pollution resulting from rapid industrialization and urbanization. The mission of the School is to meet these challenges by promoting achievement in academics and helping students develop practical skills in a work environment, which allows them to combine their work experience with state-of-the-art techniques and new knowledge.

## CAMPUS FACILITIES

### DORMITORIES

The Wonju housing complex (Maeji Haksa & Seiyon Haksa and CheongYon Haksa) consists of eight buildings housing approximately 4,295 students. Dorms are equipped with computer labs, lounge areas, study areas, a lecture room, a prayer room, music rooms, and laundry facilities. All incoming freshmen can be accommodated in the dormitories. All dormitories are equipped with air-conditioning, refrigerator and high-speed Internet connections.

### LIBRARY

The Library's collections include 523,371 books, 347 printed periodicals and 11,609 electronic periodicals. This building has 6 floors including the underground, 1,223 seats. An Interlibrary loan service enables users to obtain non-Yonsei materials from other libraries such as Shinchon Central Library, Underwood Memorial Library, Shinchon Medical Library, Wonju Medical Library and libraries under KERIS agreement.

### SPORTS CENTER

The Yonsei Sports Center occupies a facility, which was built in 2003. At the Sports Center, students can participate in a variety of activities to keep in shape. The Center has basketball, volleyball, handball, and squash courts, a gymnasium, a fitness club, a rock climbing facility, and an indoor swimming pool with an aqua health pool as well as a scuba diving pool.

### STUDENT UNION

The Student Union is the center of activity for students. The building features facilities for campus communities, including a diner, food court, convenience store, exhibition room, small-size theater, music listening room and lounges. The building also provides a variety of services and support for student's organizations such as the Student Welfare Center, Human Resources Development Institute, Counseling and Coaching Center, Health Mutual-aid Association, and Disabled Welfare Center.

The Student Union also provides facilities and services for supporting independent student organizations such as the Students Association, Club Association, and Student Press Union.

### YONSEI PLAZA

Yonsei Plaza is equipped with various amenities including a large, well-stocked bookstore, a bank, a mail center, a copy station, a laundry, a convenience store, an optical store, a student cafeteria and a snack area. The Plaza also has PC labs, language labs, and many other places students can go to get their work done.

## RESEARCH INSTITUTES

Yonsei's MIRAE Campus pursues strong partnerships with government, industry, and other universities in the research of key technological areas such as medical engineering, rehabilitation engineering, high-tech medical equipment, ecotechnology, entrepreneurship and many more. Since its inception, the MIRAE Campus has worked hand in hand with companies and with government institutes in research and development, fostering and producing high-quality professionals in these areas.

### UNIVERSITY-WIDE RESEARCH INSTITUTE

#### Institute for Poverty Alleviation and International Development (IPAID)

[ipaid.yonsei.ac.kr](http://ipaid.yonsei.ac.kr)

The Institute for Poverty Alleviation and International Development (IPAID) was established as a university-wide research institution in March 2010. The National Research Foundation (NRF) of Korea chose IPAID as one of its Core University Research Centers that year. IPAID seeks to work with international institute and researchers to help identify the causes of poverty and create solutions, and to share the Korean development experience with other countries. Programs at the IPAID office at Yonsei University-MIRAE include weekly forums with respected academics and experts, international conferences, and a graduate program on rural society leadership development for global poverty reduction.

#### Institute for Convergence study of Bio-Medical Wellness (i-BMW)

[ibmw.yonsei.ac.kr](http://ibmw.yonsei.ac.kr)

i-BMW was established in May 2013, unified from 5 previous key institutes (Institute of Medical Engineering, Institute of Biomaterials, Institute of Health and Welfare, Institute of Health Science and Institute of Lifestyle Medicine) in order to strengthen global convergence researches. It perform research or medical devices, workplace wellness, and lifestyle wellness and cultures based on systematic collaboration among medical, health, welfare, science and engineering experts.

### COLLEGE AFFILIATED RESEARCH INSTITUTES

Basic Science Research Institute

Institute of Hair and Cosmetic Medicine

Eco Culture Design Institute

Institute of Genomic Cohort

Institute of Occupational & Environmental Medicine

Institute of Environmental Science and Technology

Institute of Mitochondrial Medicine

### INTERCOLLEGIATE RESEARCH INSTITUTES

#### Institute for the Study of Korean Modernity

Established in 2003, The Institute of Modern Korean Studies is a humanities research institute as university's special project. The institute investigates Korean modernity encompassing all social and academic areas, especially during the 'modern period' the late Joseon era to the 1970s. The scope of Korean Studies includes literature, history, and philosophy, and the fundamentals are considered as research priorities.

#### Yonsei Institute of Space Bioscience

In the age of manned space exploration, domestic universities have no research institutes related to life sciences in space. Therefore, the institute is systematically promoting the use of space environment and response research. The goals are cultivating next-generation talent, developing global-standard space technologies, and applying practical use of the technologies.

# CAMPUS LIFE

## **SMART ECO CAMPUS**

Nestled at the foothills of Chiak National Park, Yonsei University MIRAE Campus boasts a campus of stunning natural beauty and is arguably one of the most scenic campuses in Korea. The campus is located 85 miles southeast of Seoul in Gangwon Province. The campus occupies 417 acres of land at the base of the White Cloud Mountains overlooking a lake. Among Korean universities, Yonsei University MIRAE Campus received the first ISO 14001 Environment Management certification.

## **CHRISTIAN LIFE**

Yonsei strives to nurture its students based on strong morals and ethics as well as responsibility to both the nation and to the world. Students are taught the importance of developing a sense of duty as leaders to help resolve regional and social problems through the Christian principles of love, service, and sacrifice. The college is dedicated to grooming leaders who possess mutual understanding, respect, and the spirit of cooperation. The students are required to attend a weekly one-hour chapel session for four semesters as one of the graduation requirements.

## **YONSEI CONCERT SERIES**

The Yonsei University Concert Series began in the fall of 2006. There have been 102 series by the winter of 2018. Each year, the series features a diverse range of music, including both western and Korean classical music, and jazz. The concerts entertain not only students, faculty and staff, but also members of the Wonju community at large, and have become one of the major cultural attractions in the city.

## **PARENTS' DAY**

The first Parents' Day in Korea was introduced at Yonsei University MIRAE Campus in 2007. The event seeks to provide parents with important information and the vision needed to assist undergraduate students in making a successful transition to college. The twelfth event, on May 18, 2018, invited approximately 300 parents to share the progress being made by both students and the university.

## **STUDENT ACTIVITIES**

At Yonsei, students have abundant opportunities to explore non-academic as well as academic activities outside the classroom. With more than 51 student groups and organizations representing the areas of academics, music, religion, arts & crafts, community service and various sports, students are sure to find something that matches their interests. The school actively supports student extracurricular activities.

## **YONSEI-KOREA UNIVERSITY SPORTS FESTIVAL**

Every year Yonsei University and Korea University co-host a series of sports matches called the "Yonggojeon" which are intended to promote university spirit and build fraternity between the two schools. The festival consists of baseball, basketball, ice hockey, rugby and soccer competitions.
